

	United States Accreditation, INC. Instruction for Learning Service Providers for Certification Bodies	Document No:	USACC-IN-23
		Release Date:	01/04/2021
		Rev Date / No:	0

1 Scope

1.1 This document specifies the supplementary United States Accreditation, INC. criteria for certification bodies (CBs) certifying Learning Service Providers (LSPs).

1.2 This document is to be used with ISO/IEC 17021-1 and applicable IAF Mandatory Documents.

2 Certification Criteria

2.1 CBs shall certify LSPs to (1) ISO 29990:2010 - Learning services for non-formal education and training – Basic requirements for service providers or (2) ISO 29993:2017 – Learning services outside formal education – Services requirements.

2.2 Where applicable, the sponsor’s requirements with vested interest on the outcome of the learning shall apply. Requirements may be incorporated with full details or referenced to prescribed requirements issued by the relevant sponsor.

2.3 LSPs are given 2 years from 08 October 2019 to migrate from ISO 29990:2010 to ISO 29993:2017. All ISO 29990:2010 certifications shall expire or be withdrawn by 07 Oct 2021.

3 Criteria for LSP Auditors

3.1 A CB shall appoint qualified auditors to conduct LSP audits. Auditors shall meet the criteria as defined in Annex A of this document.

		Release Date:	01/04/2021
		Rev Date / No:	0

4 Duration of Office Audits

4.1 In determining the office audit duration, a CB shall determine the effective number of personnel in a LSP organization. This includes full time staff and associates. Other factors which may increase the audit duration include, where applicable, the sponsor’s requirements.

4.2 For initial audit, the audit duration (Stage 1 + Stage 2) shall be as indicated in Table 4-1.

Table 4-1: Relationship between Effective Number of Personnel and Initial Audit Duration

Effective Number of Personnel	Audit Duration (Stage 1 + Stage 2)
1 – 25	3 auditor days
26 – 50	4 auditor days
51 – 75	5 auditor days
> 75	CB shall calculate the audit duration and provide justification for the calculation. The auditor days shall be more than 5 days.

4.3 If an applicant has not been certified to ISO 9001 or has been certified to ISO 9001 by a CB which has not been accredited by United States Accreditation, INC. or an IAF MLA member for Quality Management System for the same or similar scope, a full stage 1 audit on-site is required. The duration of the audit shall be one auditor day. The audit shall cover document review to determine the readiness of the LSP to conform to ISO 29990 or ISO 29993 and where applicable, the sponsor’s requirements.

4.4 If an applicant has been certified to ISO 9001 by a CB accredited by United States Accreditation, INC. or an IAF MLA member for Quality Management System for a same or similar scope, a partial stage 1 audit on-site is deemed adequate and the audit duration can be reduced by half an auditor day. The duration of the partial audit shall be half an auditor day. The audit shall cover document review to determine the readiness of the LSP to conform to ISO 29990 or ISO 29993 and where applicable, the sponsor’s requirements.

4.5 The audit duration in Table 4-1 shall refer only to the office assessment of an LSP and shall exclude witnessed audits.

	United States Accreditation, INC. Instruction for Learning Service Providers for Certification Bodies	Document No:	USACC-IN-23
		Release Date:	01/04/2021
		Rev Date / No:	0

4.6 Surveillance audit duration (office) shall be 1/3 of initial audit duration or minimum of 1.0 auditor day (1 to 2 courses certified) or minimum 1.5 auditor days (3 and more courses certified), whichever is higher.

4.7 Recertification audit duration (office) shall be 2/3 of initial audit duration.

4.8 CB shall calculate the audit duration and provide justification for the calculation including any increase or decrease in audit duration.

4.9 If after the calculation the result is a decimal number, the number of auditor days should be adjusted to the nearest half day (e.g. 1.3 auditor days becomes 1.5 auditor days, 1.2 auditor days becomes 1 auditor day).

5 Duration of Witnessed Audits

5.1 Before a course can be considered for certification, CB shall conduct witnessed audit(s) in addition to the office audit of a LSP mentioned in clause 4.

5.2 Each witnessed audit involves a CB auditor witnessing a facilitator(s) conducting the course for a minimum of half an auditor day and supplemented by interviewing of the facilitator(s). If the course includes practical training, an additional half an auditor day shall be required to witness the practical training.

5.3 A CB shall also conduct at least one witnessed audit(s) for each certified course(s) during the validity of certification of 3 years. The witnessed audit duration for each course is specified in clause 5.2 and shall exclude the office audit duration specified in clause 4.6 and 4.7 of the main document.

6 Certification Documents

6.1 A CB shall list all the certified courses on the certificate issued to the LSP or on the annex to the certificate.

7 Implementation

7.1 This instruction is a part of USACC-G-28 Guidelines for Accreditation of Conformity Assessment Bodies and USACC-P-01 Accreditation Procedure of CABs, these will be use together. Cannot be used separately.

Annex A

Criteria for LSP Auditors

The summary of the criteria for LSP Auditors is shown in Table A1-1.

Table A1-1: Summary of Criteria for LSP Auditors

Criteria	LSP Auditor	LSP Lead Auditor
Qualifications ¹	1. Degree or Diploma; and 2. At least 5 years full time industrial working experience which includes minimum 3 years of training related work or other training provider work experience including auditing of LSPs to ISO 29990, ISO 29993 or ISO 9001 (for scopes related to provision of training courses).	
Training	1. Successfully completed and passed a recognized Lead Auditor course on ISO 9001; and 2. Successfully completed a recognized course on ISO 29990 or ISO 29993	
Audit Experience	Performed a minimum of 4 ISO 9001 audits as a qualified ² Quality Management System auditor within a 2-year period with a minimum of 10 auditor days on site.	Performed a minimum of 7 ISO 9001 audits as a qualified ² Quality Management System auditor within a 2-year period with a. A minimum of 10 auditor days on site; and b. At least 3 of these audits performed shall be in the capacity as the lead auditor.
Criteria	LSP Auditor	LSP Lead Auditor
